

BURBANK ARTS FOR ALL FOUNDATION GRANTS & GIVING: 2006 - FALL 2019

Total Amount Given to date: \$758,064.78

Total Projects Funded to date: 317

OUR MISSION: To ensure every student in Burbank public schools receives a quality arts education as part of their core curriculum.

OUR VISION: To inspire Burbank to build the finest arts education program in California.

TO NOTE:

- Grants are awarded to projects and programs in the Burbank Unified School District that occur during the school day and that are in alignment with the District's [Arts for All masterplan](#).
- Grant funding was awarded based on grant submissions received during each unique Grant Cycle.
- Each grant awarded during the Foundation's two annual Grant Cycles does not exceed \$5,000.
- District-wide grants given in off-cycle periods are based on District needs and do not have a maximum gift amount.
- Some of the below programs also received matching funds provided by the BUSD, school site principals, individual donors, local businesses, other non-profit organizations, and school site PTA and Booster units.
- The entire BUSD Arts for All masterplan provides comprehensive support to ALL of the District's discrete and integrated arts programs and projects, as well as arts-related Career Technical Education pathways. The list below indicates Burbank Arts for All Foundation's investments in arts education projects and programs that received full or partial funding.
- For Foundation Grant Guidelines & to download an application, visit: www.BurbankArtsforAll.org/Apply-for-a-Grant

□ Projects highlighted in purple were funded in our most recent giving cycle.

* Funded in partnership with the City of Burbank and the Arts in Public Places Ordinance.

** Funded by donors in memory of former BUSD instrumental music teacher Hal Wetherwax.

FROM OUR GRANT RECIPIENTS:

"I think of the Burbank Arts for All Foundation every time I fire the kiln up, and I am so grateful for all of your help over the years. It truly made such a huge difference in my curriculum and I can't thank you enough for your generosity."

Lauren Masters, Visual Arts Teacher at John Burroughs High School

"I can't begin to thank the Foundation for helping me to realize my goal of creating a play for Kindergarteners. Our play was a team effort, and I am thrilled to see our arts programs expanding and look forward to future collaborations with Burbank Arts for All Foundation."

Debbie Winstein, Kindergarten Teacher at Joaquin Miller Elementary School

"Thank you so much for your funding, support, and belief in the importance of deepening our students' access to unique arts training and educational opportunities!"

Amanda Sandifer, Dance Director at Burbank High School

"Thank you so much for donating a grant for us to purchase percussion instruments. That was so generous of you to do for us. When our teacher first told us, we all 'jumped for joy.' The feeling was/is so grateful, like when you get extra guacamole for tacos, but with percussion."

Ashley, Band Student at Luther Burbank Middle School

BURBANK ARTS FOR ALL FOUNDATION

Our mission is to ensure every student in Burbank public schools receives a quality arts education as part of their core curriculum.

Our vision is to inspire Burbank to build the finest arts education program in California.

ABOUT US

Burbank Arts for All Foundation believes the arts are transformative for kids.

We believe all students should have equal access to a quality arts education that nurtures a balanced approach to life, develops 21st century skills for any career path a student chooses, and further enriches a healthy community and creative economy in Burbank.

Since 2006, Burbank Arts for All Foundation has worked in partnership with Burbank Unified School District (BUSD) to reinstate and grow arts education in the classroom through its support of BUSD's Arts for All plan. The impact of our work has supported thousands of students in their academic, social and emotional growth and we have engaged a unique coalition of major studios, local businesses, media companies, parents, educators, the City of Burbank and the Burbank Unified School District in the importance of creativity and innovation.

As a non-profit public arts education foundation, we further our mission each day by providing supplemental funding twice a year through our grant making program, as well as year-round community engagement and advocacy efforts in support of all of Burbank Unified School District's 15,000+ students. Beyond the engagement programs we host or the supplemental funding we provide for much needed artistic tools and supplies in the classroom, we do this work because it is right for the kids and our community. For us, it is not just about supporting the next artist, but also fostering well rounded humans in the world.
